CURED BY CUTICURA

Which Acted Like a Charm After Doctors and Hospitals Failed.

Here is snother of those remarkable cures of torturing, disfiguring skin humors dally made by Cuticura Resolvent, assisted by Cutlours Ointment and Soap, after physicians, hospitals and all else had falled.

"I feel it my duty to try to help those suffering from skin diseases. My case was a very bad one, covering all of one side of my face and had reached my eye. I had two or three doctors prescribe without any relief. They said my disease was Epithelioma. I was my disease was betteriona. I was then advised to go to one of our hospitals, which I did, taking their treatment for some time. I had given up all hope when my husband asked me to try the Cuticura Remedies. My face being in such a very bad state, I used the Cuticura Sosp with luke-warm water and a small silk sponge and then applied the Cuticura Ointment. I took one teaspoonful of the Resolvent four times a day. They acted like a charm, and in one week's time my face was cured entirely and has remained so. I certainly can recommend the Cuticura Remedies as infallible."
